Who Are We?

Professional Religious Science Practitioners (RScP) have developed a state of consciousness which recognizes Life is already at the center of everything. We are the healing presence and loving heart of expanded consciousness revealing the truth and wholeness of all Life.

What Is A Practitioner Session?

A Practitioner session is an agreed upon spiritual counseling appointment between a licensed Practitioner (i.e., RScP) and a client who is seeking a greater expression of wholeness in area(s) of his or her life.

What Actually Takes Place During A Session?

Although sessions may vary among Practitioners, there are common core standards. For example, a session may be conducted in person or by phone. Clients are greeted warmly and the Practitioner blesses the session with an opening prayer. The Practitioner inquires about the intention of the session before starting the process. Throughout the entire session, the Practitioner communicates in a manner which demonstrates the art and skill of active listening, as well as, his or her ability to articulate spiritual principles and teachings.

Are There Any Fees?

Yes, there are usually fees set by the Practitioners for their professional services offered during a session with a client.

However, it should be clearly understood, Practitioners do not charge a fee for affirmative prayer or spiritual mind treatment. The fees are for the Practitioner's time and expertise. When setting an appointment, discussion takes place regarding fees and availability.

Are There Any Continuous Weekly Services Offered By Practitioners?

There are currently some weekly services offered by Practitioners year round. Following are brief descriptions:

The *Art of Life Support Group* teaches the practice of daily spiritual principles to "Create your best life now!" Ernest Holmes' book, *The Art of Life*, is the source and guide. Participants read aloud, feel into words, and share heart-to-heart. The group is open to all weekly, 9-03-14 thru 5-27-15. Join us Wednesdays, 7:00-8:30 p.m., Teen Annex Bldg. Love offerings are appreciated. Facilitator: Dr. Mary Ruth Bell, RScP.

Powerhouse is a spiritually-based young adult empowerment and social circle for 18 to 35 year olds. The goal is to empower and uplift each other through spiritual practices, gatherings and events/activities. Facilitated by Mitch Austin, RScP.

Introductory Practitioner Sessions are conducted **by appointment** on a love offering basis at the church. Those wishing to experience a Practitioner Session before deciding if long-term sessions would be more beneficial may contact Sara Nichols, RScP for appointments and additional information.

Meditation Services: Every Wednesday from 6:00 - 6:45 p.m., Meditation Services are offered on a drop-in basis in the Teen Center Annex Building. Come to deepen your spiritual practice, lower stress and gather in community. Love offerings are appreciated. For more information, contact Peggy Tillery, RScP.
